Sales development in May and second quarter 2014

In May 2014, the H&M Group total sales including VAT increased by 19 percent in local currencies compared to the same month last year.

Sales in May were positively affected by calendar effects of approximately 3 – 4 percentage points. In June, this will be reversed, i.e. sales will be affected by negative calendar effects of 3 – 4 percentage points.

In the second quarter of 2014, i.e. during period 1 March to 31 May, sales including VAT increased by 16 percent in local currencies.

Sales including VAT in the second quarter converted into SEK amounted to SEK 44,181* m (36,923). Sales excluding VAT amounted to SEK 37,827* m (31,635).

Sales development per month in percent in local currencies:
